Taxi service in my state is horrible! They do not show up on time, you cannot speak to them direct, have to deal with a dispatcher who could care less because they have no coin on the game. Ride in yellow cab last night. Disgusting! Transmission was jerking my wife around, van was filthy, driver looked and smelled like he hadn't bathed in awhile. No way to complain as opposed to uber where you get an evaluation email after ride completion. The yellow cab didn't even have a meter!! Expensive, bad service, and no way to get them to improve without competition. Bring back Uber!!!! Competition makes us all better. The American way.

Subject: Support of Uber

Mam or Sir,

I am active duty for over 17 years and we have tools like Uber in our toolbox for a reason. It allows my junior people a way to get what they need done and minus the BS. Less DUI/DWI's and the convenience of them owning their decisions via their own choices.

Private companies are going to come into SC. Open your eyes and realize SC needs to evolve become competitive and not seen as just cotton and tobacco.

I love my state and just give this a chance.

V/r

Patrick

It is un-American to order Uber to discontinue it services in South Carolina. America is based on a capitalist market, freedom of ideas and right to dream big. If this is the way the state is going to continue to operate based on the pressures of unions and crybabies perhaps it time for to secede from the Union again.

As a citizen of South Carolina, I believe in business and in competition. I want to see us allow new businesses to grow and flourish in South Carolina.

Did you know that Uber drives go through back ground checks? Taxi Cab drivers do NOT. There's something decidedly wrong with that.

South Carolina NEEDS and WANTS Uber!
